MEMORANDUM FOR : The Record

SUBJECT : Necessity for DD/S Approval of TVA's

STATINTL

[redacted] called with the following problem. Logistics had called to say that the DD/S by letter has delegated to the Director of Logistics his authority under paragraph 3a(1) of [redacted] to approve the proposed Tables of Vehicular Allowances and changes thereto. Logistics and [redacted] were concerned as to whether this required an amendment to [redacted] I advised [redacted] that I thought no amendment would be necessary in view of the provisions of paragraph 2a of [redacted] which authorize each Deputy Director to "delegate to members of his staff appropriate portions of his responsibilities together with proportionate authority for their fulfillment" except "when prohibited from so doing." I also suggested to [redacted] that the Director of Logistics might be well advised to include in every letter or communication approving a TVA language citing the delegation of the DD/S authority to him and that I would be glad to assist Logistics in preparing the language, if they do desire.
